

When you buy from a breeder ...

Over
67,000
rabbits in
rescue

Rabbits end up in rescue by no fault of their own, they are not 'damaged goods' but the product of someones boredom, neglect, or lack of education. They deserve a second chance at happiness - plus they will come neutered, vaccinated and the right rescue will help with bonding. Dont be a part of the problem, be a part of the solution!
