

# Rabbits Die in Hot Hutches!!

- Provide plenty of shade use sheets or parasols if there is no natural shade
- Use an ice pod or frozen water bottle wrapped in a towel near the bunnies
- Place damp towels over hutch and run roofs
- Make sure they have plenty of water and change it at least once a day
- Use an electric fan blowing over a cold bowl of water and direct at the top of the hutch
- Check on them frequently
